

OFFICE CLOSED – 17 March 2020

COVID-19: infection prevention and control

In response to the Prime Minister's statement yesterday evening, advising the UK public to avoid unnecessary social contact we regret to inform you that our office will be closed to the public until further notice.

We understand that this comes as an inconvenience, but ultimately we all want the same thing: the health and safety of our communities, and we believe this is the correct decision to make.

For now, we would like to thank you for your understanding and patience, and to recognise the incredible efforts of the health care service over this difficult period.

If you need to contact to us please call on
