Wellhouse: the Place to Be

wellhouse Housing Association

Caring Open Respectful Empathy

The Wellhouse Management Committee is responsible for setting our strategic direction and ensuring the delivery of high-quality services to our customers.

Wellhouse is a community-controlled, registered social landlord, governed by elected volunteers. We may also co-opt individuals with specialist skills to support the Committee when needed.

The Committee ensures the Association is well run, meets local needs, and responds to what matters most to the community.

Day-to-day operations are managed by our director and senior staff team, who support the Committee in fulfilling these responsibilities.

The Management Committee currently comprises 12 elected members, with no vacancies available.
